

I am an xm radio subscriber. I am also an over the road truckdriver. I have had xm radio for almost two years. It is the best thing that has happend to the motoring public for some time. The traffic and weather channels are a real blessing for those of us that spend our time on the highways. I think it increases the safety factor due to the fact that if you are in a strange area you can get an instant report on the traffic situation. Also the weather channel has been a real help in avoiding a potential dangerous situation. I am also a taxpayer, a registered voter, and a proud veteran of The US Army. I work hard for my money and feel that I should be able to spend it as I see fit on goods and services provided legally by my fellow americans.

Thank You
God Bless America
